This is a place-holder for a meeting that doesn't have an agenda yet, but I think I know we will be discussing what needs to be revised in Idaho's current trading framework that was based on the Lower Boise pilot all those years ago, and determining what ideas from the Regional Recommendations document should be considered. The Boise is very likely to be the first trading project to test Idaho's revised guidance, so a lot of the discussion should be done in the context of the new Boise TMDL.

The meeting will be with myself, Marti Bridges, and the Willamette Partnership's Bobby Cochran and Carrie Sanneman, and possibly Neil Mulane, and perhaps Tim Wiginton from The Freshwater Trust. We will have been meeting all of the day before (Sep. 3) and the morning of Sep. 4 so this afternoon session is to discuss with you what we've come up with so far.

Bill – we will call you from the meeting room.
